

Airton Márquez Abril

AI DEVELOPER JUNIOR · FULL-STACK BUILDER · CO-FOUNDER @ SCOOTERCOOP

Barranquilla, CO · kaminatrigger@gmail.com · github.com/TriggerXZ
linkedin.com/in/airton-márquez-abril

01 PROFILE

Web developer focused on generative AI and intelligent automation. Co-founder and lead developer at ScooterCoop, where I took the platform end-to-end from idea to deployment: architecture, development, and operations. Experience building full-stack solutions with Astro, JavaScript/TypeScript, Python, and SQL, and integrating APIs and AI models (Claude, LLMs) into production products. Actively training in N8N, Docker, and cloud (Azure/GCP) for enterprise solutions.

02 PROFESSIONAL EXPERIENCE

Co-founder & Lead Developer 2025 — Present

SCOOTERCOOP

- Design, development, and deployment of the full platform: corporate website, rental management software, and online booking system.
- Technical support, maintenance, and continuous service operation.

Full-Stack Developer 2022 — 2023

RMG INSURANCE SERVICE

- Development of responsive, interactive UI components for the corporate website.
- Report generation and database support.

03 ACADEMIC BACKGROUND
